Tasting Notes

The 2023 Estate Rosé presents on the nose aromas of roses and strawberries. It is fresh and lively on the palate with peach, nectarine and raspberry flavors that linger in the bright finish.

Vineyard Notes

The 2023 Estate Rose grapes varieties come from 2 different vineyards. The Sangiovese and Barbera come from our Estate vineyard, that was planted in 2015 and the trellis system is vertical shoot position.

The Grenache and Syrah come from our vineyard located in Davis Road (we call it Davis Vineyard) which is only one mile east from the winery. Both of these vineyards have a sandy loam soil and are located in the Mokelumne River Sub AVA of the Lodi Appellation. They are also both sustainable farmed under the Lodi Rules Certification.

Winemaker Notes

These grapes were hand picked in the morning and then gently sorted and destemmed to tank. After destemming the grapes, we pulled out 10% of the juice from the racking valve. This process is called saignée, which is where the pink juice is removed, transferred to a new tank and then fermented separately from the rest of the lot of juice. The juice was inoculated and had a cold and long fermentation. Once fermentation was complete after approximately 3 weeks, the wine was racked and held cold until an early bottling in February to maintain freshness and liveliness.
