91 Pts, Best Buy - Wine Enthusiast (Nov. 2026)

Tasting Notes
Aromas of ripe red and black fruit mingle with subtle notes of bell pepper and warm cooking spices. The palate is smooth and balanced, offering varietal character with approachable complexity. Easy to enjoy yet layered, this Cabernet delivers a graceful expression of fruit, spice, and structure.

Vineyard Notes
These Cabernet Sauvignon grapes come from the Lodi AVA. Soil type is primary a sandy loam. These vines are sustainable farmed and certified green under the Lodi Rules certification program. The Petite Sirah and Petit Verdot and Merlot were also from the same soil type within the Lodi AVA. They are also certified green/ sustainable under Lodi Rules.

Winemaker Notes
These grapes were hand-picked in the morning and then gently hand sorted and de-stemmed. They were then transferred to individual temperature controlled stainless steel tank for 2 days of cold soak. The must was inoculated with yeast and fermentation was done in tank with regularly timed pump overs. The lots were then combined and aged for 10 months in approximately 26% new French Oak.
